

PRESS RELEASE.

Greensun expands its presence in Europe: new foreign sales for Malta, Austria and Switzerland

Reggio Emilia, 09/18/24 -

Since more than 16 years, Greensun Srl, a leader in the distribution of renewable energy solutions, announces the commercial expansion, in the markets of **Malta, Austria and Switzerland**, strengthening its presence at the international level started in 2018, with the two subsidiaries in Romania and Slovenia.

“This initiative aims to strengthen our presence in the European market and to offer comprehensive support to installers specialized in the residential and commercial sectors.” - says Massimiliano Cocconi - partner and sales director.

Since **2008**, Greensun has been synonymous with reliability and innovation, distributing the best brands in the renewable energy sector. Our offer includes solutions for **photovoltaics, smart technologies, electric mobility, air conditioning and heating**. Thanks to an experienced team and dedicated customer service, we support installers and partners in their development and business success.

The expansion to Malta, Austria and Switzerland is another step towards our goal of being a reference point in the international renewable energy market, promoting sustainable and innovative solutions.
